

world archery

**excellence
centre**

“ *The World Archery Excellence Centre is a hub for world-class and recreation archery activities for aspiring and elite athletes, coaches and officials*

The World Archery Excellence Centre is a state-of-the-art sports facility situated in the Olympic Capital of Lausanne.

Designed to host world-class archers and events, educate the sport's coaches and officials, and act as a development hub, the building is key to World Archery's vision of a world in which everyone has an opportunity to make archery their activity of choice.

As well as hosting archery, the Centre is able to welcome conferences and meetings, corporate team building events, and has a modern gym, sauna and restaurant for use by users and events held in the building.
