10: The perfect shot!

The role of the coach

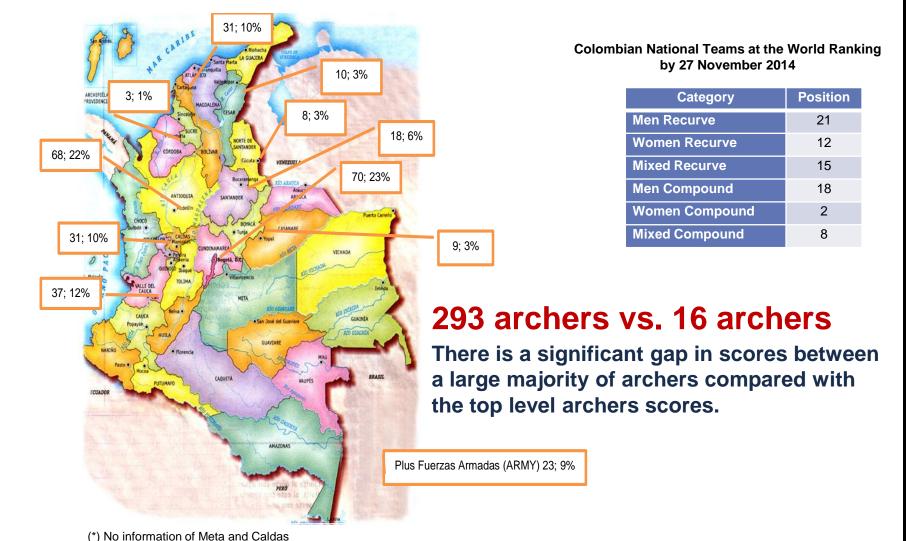

Submitted by: María V. Echavarría Colombia

Tutored by: Mr. Josep Escoda

Problem statement

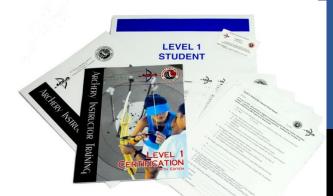

World Archery Colombia has 309 registered archers distributed in 13 regional associations (*) and 7 more in their process to become an association

Mission statement

To build up an archery curriculum for coaches education (Level 1 and Level 2) in order to close the existing gap in scores among the **recurve bow** archers through a standard training system.

Inputs

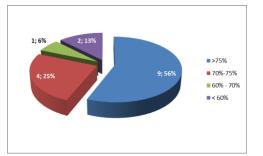

- Archers, Monitors, Level 1 and Level 2 coaches from Bogotá, Cundinamarca, Meta and Antioquia
- World Archery Manuals / USA Archery Manuals / Richard Priestman presentation.
- ICECP lectures.
- Partners: World Archery Colombia, Archery League from Bogotá and Gimnasio Moderno.
- Logistics To organize the coaches' clinic (place, partnership, equipment, stationery and prints).
- The support of a Systems Engineer

Outputs: on coaches

- A standard/consistent
 National Coaching Program
 (Level 1 Level 2)
- A coach development and certification pathway
- 1 Coaches' course/workshop:
 17 participants
- Evaluation of 11 sports programs of 5 universities in Colombia
- An Information System design

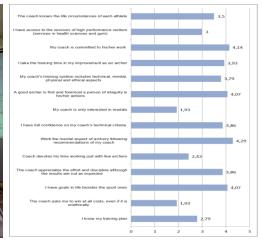

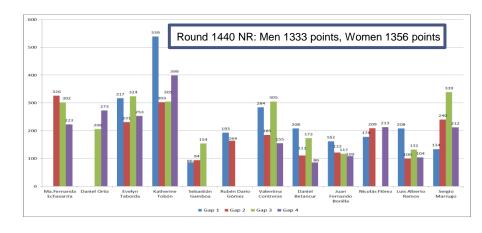

Outputs: on archers

- 1 Archers' clinic: 13 archers + some parents
- 1 archers' survey: 16 answers / 27 invitations
- Analysis on scores and scores gap: 12 archers

To be a good coach takes time!

- 1. To follow-up coaches' work with archers in field (clinics for coaches and archers).
- To train/educate at least 2 people to support the World Archery Colombia development program.
- 3. To start-up the process for including archery as one optional sport to study at one university sports program.
- 4. To increase the number of archers that continue in the sport after the school stage.
- 5. The approval of the information system to track archers, coaches and judges for it's implementation

IMUCHAS GRACIAS!

THANKS A LOT!

MERCI BEAUCOUP!
