### Important Note: New Anti-Doping Rules on World Ranking Tournaments and Continental Events

As a consequence of the bylaw changes adopted by the FITA Council in November 2007, we draw the attention of all organizers of World Ranking Tournaments (WRT) and Continental Events on the new requirements in the area of Doping Control, coming into effect as of 1 April 2008:

#### Article 5.7.1.5:

At WRT that have a minimum of 150 preliminary registrations, there will be a minimum of six doping tests. A minimum of six doping tests is recommended for all other WRT.

#### Article 7.1:

FITA becoming the Result Management Authority of all tests initiated by Continental Associations, it is requested that copies of Doping Control Forms of all tests conducted at these events (including WRT) are sent to the FITA Anti-Doping Administrator as soon as possible after the end of the event.

Françoise Dagouret, FITA Anti-Doping Administrator, thanks all WRT and Continental Events organizers for their attention and welcomes all questions they may have on this very important matter ([fdagouret@archery.org](mailto:fdagouret@archery.org)).

### MEAC activities in Marc

15-24 March 2008: a Finish Delegation of 20 persons had a training camp at the MEAC. The Polish team (15 persons) had a camp on 13-22 March 2008.

Hungary and Estonia should have arrived at the MEAC while FITA was preparing this newsletter. Both teams booked a training camp from March 27 until April 7, 2008.

### MEAC projects in April

Another Finish team is expected from 2 to 14 April 2008.

A one month Coaching Course will be conducted from 7 April to 6 May 2008. Most of the participants will receive a scholarship from the Olympic Solidarity, covering all their expenses (travel, full board and education expenses). This project is for Mediterranean countries in view of the Mediterranean Games.

One or two similar sessions will be held for all countries in 2008 at the MEAC. Coaches from your countries, who wish to benefit from this great program, must contact FITA and their National Olympic Committee.

## Olympic Solidarity Coaching Courses for Coaches

### Mongolia

The Mongolian federation got an Olympic Solidarity budget through its National Olympic Committee, for the organization of an archery Coaching Course that will be held on April 5-15, 2008. This budget covers the expenses for the expert, the participants and the course organization.

Mongolia is expecting the participation of 25 coaches for this course which will be conducted by Mr KIM Hyung-Tak (Korea), member of the FITA Coaches Committee.

### Dominica

For a similar project, the Dominica Archery Federations obtained an assistance from the Olympic Solidarity (equivalent to that of Mongolia), also through its National Olympic Committee. This Level 1 course, to which should attend 51 coaches including 4 women, has just been postponed; the new dates will be decided with the expert.

An expert is wanted for this course. Applications are accepted at the FITA office until 20 April 2008. For further information, please contact the FITA Development Department.

### Spain assists Paraguay

Early March 2008, an interdepartmental agreement has been signed between the "Secretaría Nacional de Deportes" from Paraguay and the "Consejo Superior de Deportes" from Spain committing to send a Spanish Judge in 2008 to Paraguay during seven days, to train:

- National / Paraguayan Judges with the objective to get them trained to become in future Continental level Judges.
- Tournament organizers, allowing hosting well conducted archery competitions in Paraguay. The course should end with an open archery championship, to which would attend the various domestic archery schools. These archery schools are one year old only.

If possible this course will be open to some nearby nations. The final dates are still to be finalized, but this cooperation project is to be held in 2008.

FITA is pleased of such mutual assistance and encourages similar projects to be held in the future.

### Local Selection in Benin – 17 February-15 March 2008

#### Archery with Bamboo Bows

The clubs have learnt how to use a bow sight until a selection process made in each of the six geographical departments of Benin. This event took place from 17 February to 15 March 2008.

The shooting distances of this event were 30 and 25 meters for the long distances, and 20 and 15 meters for the short ones. Every archer shot 18 arrows at each distance.

A workshop of fletching making was organized in the Atlantic region. The objective was to improve equipment efficiency.

### Use of Modern Training Bows

Coming back from the African Championship in Cairo, the archers could not start the training sessions with the bows used in competition as they were being repaired; instead they used the practice bows to prepare the national legs where modern arrows will be used in the team event. At the nationals every department will register its best archers in both genders.

### Nigeria

The Nigeria School Sports Festival is an important event in Nigeria. It gathers primary and secondary schools students from the 36 Nigerian states and the Federal Capital territory (Abuja). An archery demonstration was included in this year's edition with the intention of increasing the number of participating sports (presently 14). This event took place at the Teslim Balogun Stadium in Lagos on 12-18 March 2008 based on the effort to develop the sport of Archery in Nigeria.

Mr Mark Anthony, representative of the Federation’s demonstration committee, promised to he would convince the Games organizer to include archery in the next edition of the National School Sports Festival (NSSF) coming up in 2009. He described archery as a very simple and interesting sport for every body and further stated that archers are not prone to injury as in other demonstrated sports if practiced according to the rules.

The NSSF is the rights owner of the Festival. It was formed and founded in 1976 and is affiliated to the International School Sports Federation. This event is well recognized by the Federal Ministry of Education and Federal Ministry of Sports in Nigeria.
