### Chinese Taipei

A new, state-of-the-art facility has been opened in Chinese Taipei. The field, which is now the biggest dedicated to archery in the region, was funded in full by private sponsors. Tamsui, 40 minutes away from Taipei City and one of the most famous tourist destinations in the country, was chosen as the location of the facility. Much planning, development and construction later, the Tamsui centre was ready to host its first national event. On 18-20 March 2015, the finished venue welcomed over 1,500 athletes for competition.

## World Archery Office

### Goodbye Raheleh

World Archery says goodbye to Raheleh AHADPOUR who is exploring new horizons at FIVB (Volleyball International Federation). World Archery thanks Raheleh for the three years she has spent working at the organisation. She started as intern working on several projects after she completed her AISTS masters before becoming member services coordinator in 2013. Raheleh worked with the event director on many events and was the staff member responsible for the Medical and Sport Sciences, Para Archery and Classification committees.

Her tasks related to member services, events, WAREOS and para classification will be handled by Jae Kyung LEE, who is working for World Archery as an intern. Anything concerning illegal betting and match fixing, and the committees will be temporarily handled by the Secretary General. Membership applications should be directed to Deqa NIAMKEY.

Further information will follow on possible replacement. Raheleh has been hired by FIVB as project manager in the Beach Volleyball department. We wish her the best of luck in this new challenge.

## Member Associations

### Guyana

The February 2015 issue of World Archery News informed that the Guyana Sport Shooting Federation applied to World Archery membership. Since none of the World Archery member associations or members of the World Archery Executive Board has raised any objection to the World Archery office, this federation becomes a temporary World Archery member as of 1 May 2015. Their final membership will be submitted to a vote at the next World Archery Congress in Copenhagen, Denmark later this year.

### Bolivia

This country has submitted a membership application file conformed to rule 1.4.2. According to rule 1.4.3 the current World Archery member associations and Board members have 60 days to raise in writing to the World Archery office any objection to this request of membership. Without any serious objection within these 60 days (30 April to 30 June 2015), a temporary membership will be granted to the Federación Boliviana de Tiro con Arco until the 2015 Congress where the final membership of this national archery association will be submitted to a vote.

### Team India

After a disappointing 2014, former world number one Deepika KUMARI is to lead India's recurve women at the first two Archery World Cup stages. The Archery Association of India announced that KUMARI, veteran man Jayanta TALUKDAR and Incheon winner Abhishek VERMA will lead the Indian squad at the first two Archery World Cup stages of the year. The team selection was based on the results of trials conducted in New Delhi in April.

### Team Korea

KI Bo Bae is set to represent Korea once again in 2015. The Olympic Champion did not shoot for Korea in 2014, instead acting as a pundit for national TV. In 2015, she's back on the team – and will compete at the World Archery Championships this summer. CHOI Mi Sun and KANG Chae Young – who have competed at only one international event each to date – are poised to join her in the recurve women's team that will attempt to qualify for the Rio 2016 Games.

### Development Mission in Mali

Paul ZINSOU, World Archery Development Agent in West Africa, conducted a coaches course followed by bamboo workshop and national competition from 30 March to 2 April 2015 in Bamako. The aim of the mission was to continue developing the equipment programme and provide educational tools. Paul is regularly visiting the national federation, supervising their activities and following up on their progress.

The young federation, whose final affiliation will go to vote at the next World Archery Congress in July 2015, is working very hard to develop archery in all regions despite lack of human and financial resources. The National Olympic Committee and Ministry of Sports has renewed their commitment to support the national federation's development actions and set a plan to reach international competitions in the coming decade.

### Bangkok Training Centre Activities
